Day & Night Choghdiyas:

Definition

Choghadiya Muhurat is more popular in North India and used as ready reckoner to find a good Muhurat without consulting a learned scholar in astrology. In South India a similar concept of Gowri Panchangam exists which is very much similar to Choghadiya Muhurat.

About Choghadiya Table

Choghadiya or Chogadia is used for checking auspicious time to start new work. Traditionally Choghadiya is used for travel muhurthas but due to its simplicity it is used for any muhurtha. There are four good Choghadiya, Amrit, Shubh, Labh and Chal to start auspicious work.

Three bad Choghadiya, Rog, Kaal and Udveg should be avoided. The time between sunrise and sunset is called day Choghadiya and the time between sunset and next day sunrise is called night Choghadiya. About Vaar Vela, Kaal Vela and Kaal Ratri it is believed that no auspicious work should be done during Vaar Vela, Kaal Vela and Kaal Ratri. Vaar Vela and Kaal Vela prevail during day time while Kaal Ratri prevails during night time. It is believed that all Manglik works done during these timings are not fruitful.

Pranam & Jai Jienendra All

With tremendous excitement and deep gratitude, the JAINA Calendar Committee is proud to present the 2025 calendar! This year's edition is a remarkable achievement, featuring stunning derasars from around the world outside the USA. We hope the beauty and detail of each temple inspires you.

A heartfelt thank you to our generous donors and supporters, whose unwavering commitment makes this project possible year after year. Your contributions enabled us to modernize the calendar with features like QR codes and digital versions on web and app. Simply scan the QR codes on each page in this calendar to learn more about these beautiful temples.

In our commitment to sustainability, we've worked diligently to reduce the number of pages to minimize paper waste and look forward to collaborating/partnering with Jain centers printing their local calendars under this shared mission in coming years.

This monumental task could not have been completed without the guidance of our experienced team members. I sincerely appreciate Jayana Shah (Los Angeles), Giriraj Jain (San Francisco) for their leadership, and I extend a special thanks to committee members Amita Gandhi Doshi (NY) and Kirtida Shah (Toronto) for their assistance with image consolidation and proofreading. Jayana Shah (Los Angeles), Giriraj Jain (San Francisco), and Dhimen Vora (Arham Technosoft, India) led the efforts to compile the final version, managing the entire layout, graphics, and logistics.

I would also like to express my gratitude to all Jain centers worldwide for responding with beautiful images in a timely manner, as well as to our JAINA officials Kalpana Gandhi (NY), Manish Mehta (Ohio) and Kaushal Shah (Tampa), for their continued support. This calendar is a reflection of our collective devotion and hard work—thank you all for making it possible!

Respectfully,

Viral Shah, Atlanta | 814.504.8425 | JAINA Calendar Committee Chair 2024-25
