

FREE WEBINAR

The Real Fight: Achieving Mental Awareness Through Training

Michael Citron, Esq.
Co-Founder and Managing
Partner of MAC Legal, P.A.

DESCRIPTION

This CLE is an interactive experience for Florida Law practitioners to discover and develop their strength and resolve to be better and practice better in the face of relentless personal and professional challenges they may face. Despite the wide variety of programs and opportunities afforded within the legal profession to find help, the statistics show that too many lawyers have yet to avail themselves of them. The Get On The MATT™ program is dedicated to bringing opportunities to lawyers through their front door. This single hour presentation begins with a session explaining the fundamentals, science and importance of Jiu Jitsu versus any other art or activity. Come and Get On The MATT™ with us. Train, relax, network and of course sign up with the Get On The MATT™ Program for Attorneys as part of this life changing CLE program brought to you by the Florida Bar Young Lawyers Division, MAC Legal, P.A., and Citron|Levin, PLLC. *All Florida Bar Young Lawyers Division Members will be given a special rate on the services provided thereafter.

CLE

Approved for 1 General CLE Credit and 1 Health and Wellness Credit.
