

Johnson County District Attorney's Office

Modification of existing office structure to a single court/division assignment system. This will put the DA's Office in the best position to tackle the challenges that await upon our return. All other units in the office will remain unchanged. Attorney unit specialization will largely remain unchanged. Adult trial assistants will also be assigned to one court/division. Below is a staff assignment chart. This restructure goes into effect on June 1st, 2020.

Division Teams
