www.paiky.org

CONTACT: Brian K. Wood, PE

SERVICES: Asphalt Paving

DESCRIPTION: The Plantmix Asphalt Industry of Kentucky (PAIKY) is a statewide trade association established in 1938 – today we represent more than 50 companies involved in paving and highway construction. Our mission is to serve the membership, expand the use of plant mix asphalt and promote it as the pavement material of choice throughout Kentucky but advocating, communicating, and educating our customers, government agencies, and the general public on the benefits of quality asphalt pavements.

THE UNDERWRITER'S GROUP

1700 Eastpoint Parkway

Louisville, KY 40223

P: (502) 489-6238

mbusick@uscky.com

www.uscky.com

CONTACT: C. Michael Busick

SERVICES: Professional and Commercial Package Insurance

DESCRIPTION: A recognized strength of The Underwriters Group is its superior claims administration services for both employee benefits and workers' compensation. The combined volume of medical payments allows US&C to negotiate substantial savings on behalf of our customers.

Our workers' compensation adjusters are located in field offices to provide close proximity to our clients' employees. This aids our adjuster in becoming familiar with how hard our clients work, developing unique relationships to understand our clients better.

All of The Underwriters Group staff is connected via US&C's computer network, which allows multiple offices to provide the same standard of services to customers in various locations. It also allows us to keep abreast of changes required by the client or jurisdictional authorities.

SERVICES: Professional Engineers Member Organization; Professional Development Opportunities for Engineers

DESCRIPTION: The mission of KSPE is to promote the ethical, competent, and licensed practice of engineering, and to enhance the professional, social, and economical well being of our members.

- To advocate the application of engineering knowledge and skills for the public health, safety and welfare.
- To promote the highest standards of engineering education.
- To influence public policy to foster society's understanding of the role of engineering.
- To communicate the importance of engineering licensure.
- To stimulate student interest in mathematics and science and encourage young people to enter the engineering profession.
- To represent the interests of all engineering disciplines.

KSPE is the leader in the development of unity and focused resources across all engineering disciplines and organizations for influence upon public, legislative and educational issues affecting the profession.
