Life Policy Searches

BACKGROUND INFORMATION

- LDI maintains a database containing electronic contact information for insurance companies licensed to sell life insurance in Louisiana.
- Exists as a means for LDI to assist individuals who wish to research possible existence, current or past, of life insurance policies on decedent's who purchased life insurance while residing in Louisiana.
- Cannot be used to search for policies which were not purchased in Louisiana.
- Any member of immediate family of a decedent may file a written request with the LDI using a request form which they may obtain either online or by telephone.
- With the completed request form, inquirer must provide copy of the decedent's death certificate. The right to file a request may not be assigned by Power of Attorney, or by any other instrument. The request must come from a member of the immediate family of the decedent.

Life Policy Searches

- Upon receipt by the LDI of the completed inquiry form and attached death certificate, we will direct inquiries to all life insurers who have policies in force in Louisiana, along with information that will allow the insurer to respond directly to the inquirer.
- The insurer, not the Department of Insurance, will provide a direct response to the inquirer.
- The LDI is limited by law to directing inquiries to insurers.
- The LDI serves only as a means to facilitate contact, and is not responsible for the content of information obtained, or use or misuse of that information by the inquirer.
