EXPAND YOUR IMPACT

The Flagship Program is the core Leadership Anne Arundel program designed to inspire and develop professional, personal and community leadership.

Flagship includes an intense curriculum of civic information and leadership skills development. Each year approximately 30-45 individuals are selected for this comprehensive, hands-on, multi-disciplinary study of Anne Arundel County. The ten-month program begins in September with an opening retreat and graduates in June; meeting for one full day each month throughout the course. Throughout the program, participants gain an understanding of what constitutes leadership, as well as, an introduction to the infrastructure, natural resources, and current political issues of Anne Arundel County. The class is composed of a cross-section of the Anne Arundel County community, representing our ethnically, socially, economically, and geographically diverse population. Flagship participants graduate with a rich network of relationships among classmates and the broader LAA alumni community.

Sessions focus on the following areas:
Government • Economic Development & Bus Tour • Cultural Arts • Education
Health & Human Services • Law & Public Safety • Environment • Agriculture/South County

The program is tuition-based with some limited scholarship assistance available. Flagship tuition is $3,800 for corporations and $3,050 for nonprofits (charitable, educational, and fraternal), government entities, individuals, small businesses (no more than 5 employees). There is a non-refundable $125 application fee for all applicants. The tuition covers all program costs.
WHY INVEST IN FLAGSHIP?

Organizations invest in the Flagship Program because
- Participants leverage their experiences, connections, and personal development to help their organizations think, operate, and be led at higher levels.
- Leadership skills developed and improved by our training help the leaders understand personal bias preferences and approaches to improve decision making for organizations they represent.
- Flagship participation delivers highly valued corporate social responsibility engagement for top employees.
- Flagship participation demonstrates a corporate investment in the community.

Individuals invest in the Flagship Program
- To expand their personal and professional networks
- To better understand opportunities to engage in and to increase their impact on their local community
- Because the Flagship program has a rich legacy of providing individuals with an experience filled with diverse perspectives, exploring complex and tough issues in leadership, and developing action-oriented solutions.

The Community invests in Flagship because
- Participants connect with a resourceful network so that they may become more powerful advocates, volunteers, and leaders in shaping Anne Arundel County.
