

At Zenith Energy, we go beyond procurement to provide services that will help you to better manage your entire energy program. Whether it's exploring ways to reduce your energy consumption, verifying the accuracy of your invoices, or finding solutions for your sustainability initiatives, we're here to help. Our services span supply, demand, on-site generation, and reporting.

PROGRAM DETAIL

Product or Services Offering	<p>Energy procurement and consulting services. The participation process:</p> <ul style="list-style-type: none"> • The member provides data such as energy invoices. Zenith will provide the exact request by market. • Zenith works to understand the current energy purchasing and to identify solutions to reduce costs and market risk. • Zenith provides clear and concise deliverables with information on the current pricing, suppliers, and available savings. • The member decides: Did the process yield a satisfactory result? If so, we can move into contracting and ongoing service.
Geography	All US
Pricing	There is no cost to the member for the assessment, recommendations, and energy contracts. Zenith earns a fee from the energy suppliers. Pricing for special projects is based on the scope of services ordered.
Savings	10+% savings on your energy procurement
Point of Commerce	Direct
E-Commerce	Does not support iBE or Birchstreet
Accepts P-card & V-card?	Not accepted
