

Delivering Value *Beyond Medication*

World-class pharmacy services.

That's what PharMerica delivers to our partners in a broad array of healthcare markets, including long-term care, senior living, hospice, IDD/behavioral health, home infusion, specialty, and hospital management.

PharMerica is a national leader in pharmacy services with a local touch:

- 30-plus years of senior care experience
- Over 3,100 facilities throughout the country
- Over 160 pharmacies
- Over 6,000 dedicated healthcare professionals

At each touchpoint, we're furthering our mission: to help people live their best life.

We're also advancing the success of our clients, providing the capabilities and trusted expertise to help facilities stay ahead. As a total pharmacy solution, we ensure accurate and timely access to medications, control pharmacy costs, and foster compliance with regulations with a best-in-class approach.

How We're Different

We Think National, but Act Local

We offer something no one else does: **the best of local and national together**. PharMerica is challenging the industry by being both a trusted, neighborhood pharmacy and large partner essential to helping you scale, adapt, and remain competitive.

We understand that every customer is local. And so are we. While we're headquartered in Louisville, Kentucky, we're part of the fabric of each and every community where we operate – as neighbors, volunteers, teammates.

Face to face, where you live and work, our 160 local pharmacies, 150+ consultant pharmacists and 100+ nurse consultants are leveraging our organizational depth of expertise and resources to deliver custom solutions and personalized service to meet your needs. With our unmatched capabilities, our local clinicians have the tools you need, when and where you need them, to give you peace of mind – so you can focus on your residents.

Our Approach

A Foundation for Care

Medication Availability

We lead the industry in medication availability for optimal adherence and outcomes among residents from admission through discharge. From real-time EHR integration and electronic prescribing to advanced technology for live order status and instant fills for emergencies and first doses, our goal is on-time medication access, every time.

Cost Reduction & Containment:

You'll consistently lower drug spend with PharMerica's market-leading cost management opportunities that identify savings from the first fill for the greatest effect on your bottom line like value-focused formulary management tools, pre-admit assessments, and dispensing and cost limits.

Compliance & Education:

In today's dynamic regulatory environment, we'll help you reduce your risk and keep you compliant with hands-on clinical advice and support, on-site risk reductions, online Continuing Education (CE) programs, and live education to ensure appropriate pharmaceutical care.
