### Embracing Disruption

Monday, May 20 • 9:15 – 10:30 am

In a time of deep & sustained disruption throughout all aspects of aging services (healthcare, workforce, customer expectations, regulation), **John Cochrane, President/CEO of HumanGood**—one of the largest owners & operators of senior living communities—gleans insight from the successes & even the failures of companies within various fields who have similarly faced disruption & translates this learning into action—action you can take to “help older adults be everything they want to be.”

### Creating & Sustaining a Culture Where High Performers Thrive

Wednesday, May 22 • 8:15 – 9:45 am

Renowned speaker, **Hugh Brown**, will bring the knowledge and experience gained throughout the conference full-circle by diving into the impact of mission and values in creating a sustainable high-performance culture. Creating a workplace culture where like-minded, high-performing individuals can serve & achieve their very best starts with establishing a “common why” and is secured by empowering every person to be a “guardian” of that culture.
