

Leta Kant, PT, RAC-CT, ATP
Director of Quality, RehabCare

Leta Kant, PT has 35 years of clinical and operational experience working with all ages in a variety of settings. During the past ten years of her career, she has worked exclusively with the geriatric population in skilled nursing facilities. Leta has provided extensive education on Seating & Positioning, Fall and Restraint Management, Neurodevelopment Techniques, and various other clinical topics across the country for RehabCare. She recently co-developed RehabCare's comprehensive behavioral health program, training SNF administrative, clinical and support staff members in this important area. Leta was an assistive technology director for seven years where she gained extensive experience in wheelchair seating and positioning needs for individuals who utilized both manual and powered mobility. She co-presented at the 2013 International Seating Symposium and at the APTA Combined Sections in 2014 and 2015. She has been an active member of the APTA, including the Geriatric Section and a member of RESNA (Rehabilitation Engineering and Assistive Technology Society of North America). She holds a certification in NDT (Neurodevelopment Treatment) and received her ATP certification (Assistive Technology Practitioner) in 2008. Leta is a graduate of the University of Tennessee.
