

Do you have ideas to help improve nursing homes?

## **BECOME A RESIDENT & FAMILY ADVISOR!**

### **What is a resident and family advisor?**

- Someone who helps improve the quality of care for nursing home residents.
- Someone who gives feedback as a nursing home resident or family member of someone living in a nursing home.

### **What do resident and family advisors do?**

- Talk about your experience with nursing homes.
- Review or help create education materials.
- Advocate for nursing home residents and family needs.
- Participate in group meetings and tell us how we can improve care.

### **Why should YOU become a resident and family advisor?**

- If you are a nursing home resident or a loved one of someone living in a nursing home, you could help residents have a better experience and quality of life.

## **JOIN US! TOGETHER WE CAN IMPROVE NURSING HOME CARE!**

We invite you to join the **Nursing Home Advisory Council** and share your experiences and ideas.

If you are interested, please contact us for more information or scan the QR code to complete the application.
