

HHSC Retires Provider Letter 10-13 - Locking of Egress Doors in Large ICFs/IID (Facilities with 17 or more Client Beds)

Information posted May 4, 2020

HHSC Long-term Care Regulatory has retired Provider Letter 10-13 *Locking of Egress Doors in Large ICFs/IID* (Facilities with 17 or more Client Beds). The letter was based on the 2000 edition of National Fire Protection Association 101, which is no longer applicable. The Centers for Medicare & Medicaid Services adopted the 2012 edition in 2016. ICF/IID providers will need to follow the requirements related to resident rights restrictions and the applicable Life Safety Code edition.
