

## Message from Jackson Physician Search

We are proud to be an LHA/ShareCor endorsed company and are here to help member hospitals navigate through the COVID-19 crisis as it relates to staffing and recruitment demands.

We are all experiencing difficult, unprecedented, and challenging times with the Coronavirus (COVID-19). Our organization and our sister companies will continue to remain open to serve healthcare organizations throughout Louisiana and the nation at an exceptionally high level. Jackson Physician Search focuses on permanent recruitment efforts for **Physicians and Advanced Practice Providers**. Our parent company, Jackson Healthcare, has fifteen other healthcare staffing companies underneath its umbrella to handle needs such as locum staffing, nurse staffing, telemedicine, and logistical challenges. These resources include [Locumtenens.com](http://Locumtenens.com), Jackson & Coker Locum Tenens, Jackson Nurse Professionals, Care Logistics, just to name a few. Click this link to see a full listing of services available to you <https://jacksonhealthcare.com/about/our-companies/>

We are the largest privately-held healthcare staffing firm in the nation, and we operate much differently than our competitors, both in how we work with our clients and our ability to target and attract passive candidates. If you need assistance with any of our services, I would be pleased to schedule a **no-cost or obligation assessment** of your current and future needs to determine if we can be of service to help you meet your demands.

We are here to help and to be a resource during this challenging time. Let us help you. We are here to serve. Call me, email, or text.

After all, we're all in this together.

Gary
