OVERVIEW:
Medicare-certified hospitals and critical-access hospitals with emergency departments must follow the federal law and Centers for Medicare and Medicaid Services (CMS) regulations and interpretative guidelines for the Emergency Medical Treatment and Labor Act (EMTALA). This three-part series will focus on problematic areas of EMTALA concepts, adequacy of medical screening and on-call physician issues. Fines have more than doubled since 2015 when CMS implemented the inflationary adjustment retroactive to the implementation of the EMTALA regulations.

Part 1: June 17
This webinar will focus on the basic requirements of EMTALA and resources available to hospitals. The presentation will discuss EMTALA definitions and requirements.

Part 2: July 1
This webinar will discuss EMTALA issues such as adequacy of medical screening examinations, certification of false labor, observation, EMTALA signage and appropriate transfers.

Part 3: July 15
This webinar will focus on physician involvement with the EMTALA process including on-call physician schedules, on-call physician rules, when an on-call physician must appear in the emergency department, and how to deal with risky patient situations, such as leaving against medical advice and leaving without being seen.

MEET YOUR FACULTY
Nancy Ruzicka B.S., RPh., MBA, MJ., CHC is the owner of Ruzicka Healthcare Consulting LLC with a focus on regulatory compliance, CMS Conditions of Participation, EMTALA, Medicare enrollment and general compliance.
