The mission of the LAPS Patient Safety Organization (PSO), which is a federally listed PSO, is to conduct patient-safety activities in order to support PSO members in improving patient safety and the quality of healthcare delivery. The vision of LAPS PSO is to foster the ability of member hospitals and health systems & other healthcare organizations to provide patient-centered healthcare that is safe, effective, efficient and equitable. The LAPS PSO is an affiliate of the LHA. PSOs help healthcare professionals learn from data on patient-safety events to prevent them from happening in the future.

For more than forty years, hospitals have turned to the specialized programs provided by the LHA Trust Funds and HSLI. Just as healthcare constantly changes, so must each hospital’s insurance coverage. That is why the LHA Trust Funds offers flexible options that are designed for today’s healthcare facilities. Through programs managed by a board made up of hospital administrators, the stable, secure LHA Trust Funds guarantees real value when it comes to providing Hospital Professional Liability, Physicians Professional Liability, General Liability and Workers’ Compensation Coverage.

The American Hospital Association (AHA) is the national organization that represents and serves all types of hospitals, health care networks, and their patients and communities. Nearly 5,000 hospitals, health care systems, networks, other providers of care and 43,000 individual members come together to form the AHA.

Through their representation and advocacy activities, AHA ensures that members' perspectives and needs are heard and addressed in national health policy development, legislative and regulatory debates, and judicial matters. Their advocacy efforts include the legislative and executive branches and include the legislative and regulatory arenas. Founded in 1898, the AHA provides education for healthcare leaders and is a source of information on healthcare issues and trends. For more information, visit www.aha.org.

>24.1M EXAMS  >1K LOCATIONS
Patients are literally surrounded and exposed to yards of healthcare textile fabrics. Recently several “white papers” have been written on the subject of laundry best practices to support infection prevention activities with the goal of improving patient outcomes. Each has a different perspective on the best methodology to achieve this important goal of providing hygienically clean textiles.

If you are not 100% completely satisfied that your current linen service provider is giving your patients the Very Best healthcare laundry and linen service, give us a call.

For Over 30 Years, Gachassin Law Firm has been one of the only law firms in Louisiana devoted almost exclusively to the representation and counseling of health care entities, facilities and providers. While our home is in Lafayette, Louisiana, our attorneys serve diverse health care clients throughout Louisiana and Mississippi. Our attorneys have outstanding academic and operational credentials, as well as industry experience, including licensed registered nurse attorneys, licensed social workers, and an attorney who holds a master’s degree in health care law. We are experienced and solution-oriented, and our firm strives to develop long-term relationships with clients by providing personalized service supported by a team approach to resolving health care related legal problems.

Health Care Business Transactions  •  Health Care Regulatory Compliance  
Medical Staff Issues  •  Physician Employment Issues  •  EMTALA Issues  
Professional Liability Defense  •  Risk Management  
Privacy & Confidentiality Issues  •  Representation Before Governmental Agencies

IN PURSUIT OF HEALTH EQUITY

Each of us possesses the power to build healthy, vibrant communities for all of us. And because we are all connected, a single gesture can have a profound impact. Simply put, when the needs of individuals are cared for by the larger “family”—friends, relatives, neighbors, teachers and pastors—everyone benefits.

Louisiana has been awarded approximately $3 million in the Health & Human Services (HHS) Hospital Preparedness Program (HPP) Grant for the FY 2019-2020 grant period. HPP funding will be refocusing on healthcare entities and optimizing regional healthcare coalitions to maximize effectiveness and functionality while allowing organizations with differing priorities and objectives to work together.

Emergency Preparedness

The LHA sincerely appreciates CEO/Administrator support for individual hospital participation in the Hospital Preparedness Program (HPP).

The Louisiana Department of Health continues to contract the LHAREF to manage the HPP grant on behalf of the state of Louisiana. The program focus has shifted at the federal level to be more inclusive of all healthcare provider types requiring states to develop sustainable healthcare coalitions. The HPP staff manages contracts to maintain the current regional coordinator infrastructure and funding for regional projects executed through hospitals. The HPP staff also continues to provide training and education identified to fill gaps and advance hospital readiness for disasters.

The ultimate goal of HPP is to improve the healthcare coalition’s ability to prepare and respond to emergencies. While the healthcare coalition structure is now a requirement, Louisiana’s existing DRC network structure for coordination and collaboration with other critical partners was already in existence. Our efforts now ensure that each regional coalition is sustainable, and the HPP grant provides the necessary support to all hospitals, as core coalition members and healthcare industry leaders, in medical response.
