Elevate your visibility and connect with Washington’s Life Science Industry

As the only life science trade association in the state, Life Science Washington is home to more than a thousand biotechnology, medical device, digital health, biofuel, bio-agriculture, and veterinary medicine companies. Our diverse industry also includes world-class academic and non-profit research institutions, innovative start-ups, pre-revenue companies, and global corporations. We regularly communicate with life science industry leaders, key stakeholders and policymakers. Through our signature events and networking opportunities, we convene industry leaders across the industry to connect, grow and collaborate.

Inside this prospectus is an overview of each signature event.

Contact us to sponsor one of our signature event or we can assist you in creating a custom package of benefits that best fit your marketing strategy.

SPOKANE, MAY 29 2019

Why Spokane? The nationally competitive Eastern Washington health sciences cluster is currently a billion-dollar industry, and is projected to grow to $2.5 billion within ten years. Spokane’s University District has the fastest growing health sciences campuses in North America.

With Eastern and Western Washington working together we can create a truly cohesive, dynamic statewide life science ecosystem.
