THE SPRING 2023 EMERGING LEADERS ACADEMY IS NOW ENROLLING

The Emerging Leaders Academy (ELA) is a talent management program for public sector employees. The program prepares promising, non-supervisory staff for leadership roles in their departments and organizations. This work has never been more crucial as organizations face leadership retirements or vacancies without comprehensive succession plans to promote existing staff into those roles. ELA participants gain knowledge and skills in leadership, organizational dynamics, communication, and career planning to help them identify and achieve their professional goals while equipping them with tools that strengthen their contributions to organizations.

EITC AWARENESS DAY GUIDE AND SURVEY

The National League of Cities (NLC) has provided a [communications toolkit](#) for the upcoming [Earned Income Tax Credit \(EITC\) Awareness Day](#) on Friday, January 27. This day is an effort by the IRS to encourage local governments, community organizations, and other stakeholders to bring attention to the EITC and opportunities for free tax filing services through virtual VITA and via GetYourRefund.org. Additionally, NLC has created a short [tax time survey](#) that will allow them to continue to tailor the support they provide to municipalities and allow them to highlight work that is going on throughout the country. If you have any questions or require a Word Document version of this toolkit, please email eofo@nlc.org.

Survey of Rural CHALLENGES

[SaveYour.Town](#) collects biannual data about the challenges we face in rural communities. The survey is open until January 31. Please take a few minutes to give your perspective. [Take the survey here.](#)
