

Job Title: **Ecological Restoration Specialist - Cranberry Bogs**

Salary/Compensation: **\$58,445.66 - \$85,624.76 Yearly**

Location of position (City/town): **Boston, MA**

Employer: **Massachusetts Division of Ecological Restoration**

Description of employer: **The Division of Ecological Restoration (DER) is charged with restoring and protecting the health and integrity of the Commonwealth's rivers, wetlands, and watersheds for the benefit of people and the environment. This mission is critical to the success of the Department of Fish and Game that manages, protects, and restores the natural resources of the Commonwealth. DER works with community-based partners to restore aquatic ecosystems. The Division's ecological restoration work brings clean water, recreation opportunities, and other ecosystem services to the citizens of Massachusetts.**

Work schedule: **full-time, day shift**

General Job description: **The Ecological Restoration Specialist (Environmental Analyst II) serves as a project manager with an emphasis on wetland and stream restoration in DER's Cranberry Bog Program. The Ecological Restoration Specialist also provides programmatic support for the Cranberry Bog Restoration Program, such as environmental data collection, training, writing, fundraising, and relationship building and maintenance with partners and landowners. This position also performs duties in support of general DER operations.**

Qualifications: **Applicants must have at least (A) three years of full-time, or equivalent part-time, technical or professional experience in the field of environmental science, biology, chemistry, earth science, environmental health, meteorology, natural science, toxicology or public health, of which (B) at least one year must have been in a professional capacity, or (C) any equivalent combination of the required experience and acceptable substitutions.**

Deadline to apply: **preference will be given to those that apply within the first two weeks**
