Answer the following questions below. Your answers will be placed on the election ballot.

Describe your practice specialty and work setting. (250 Words)

Describe your involvement with MAOPS up to this point in your career. (250 Words)

Describe any prior experience on other boards or similar positions you may have had. (250 Words)

Describe the reason(s) you wish to serve as a MAOPS Board of Trustees member, and what you feel your primary responsibilities would/should be. (250 Words)

Describe the specific skills you feel you will contribute to the MAOPS Board of Trustees (i.e. leadership, financial, education, etc.) (250 Words)

Please provide a brief biography that can be used on the election ballot.

All applicants must be accompanied with the following to be considered complete and to be forwarded to the Leadership Development Committee for consideration for inclusion on the election ballot:

- Current digital personal photo
- Curriculum Vitae (CV)
- Signed "MAOPS Trustee Commitment"
- Paid MAOPS membership dues for the year of election
- Current MAOPS member for the previous three years

MAOPS Trustee Commitment

The MAOPS Board of Trustees is an elected body made up of members elected by the general membership of MAOPS. Trustee terms are three years in length and renewable for a total of two consecutive terms. The Board is authorized to conduct the business of the association under adopted bylaws and policies. The Board usually meets three-four times annually, with the President and/or Trustees having the authority to call additional meetings as needed.

Trustees are elected to represent the membership of MAOPS. Through Trustees, members have the opportunity to voice their concerns and discuss the issues facing osteopathic physicians, the profession, and medicine. Per policy, MAOPS Board of Trustees are expected to:

- Attend and fully participate in all Board meetings;
- Actively serve on MAOPS Committees, fact action teams and/or task forces as requested by the President;
- Participate in all MAOPS leadership development, membership and fundraising events;
- Understand and abide by MAOPS bylaws, mission and vision;
- Be fiscally responsible, know and understand the financial statements, audit, and 990;
- Support major association events and revenue generating activities of MAOPS, such as attendance at the annual meeting, participation in fundraisers, exhibitor and sponsorship solicitations, and memberships recruitment;
- Put self-interest aside for the best interest of MAOPS;
- Communicate electronically and respond promptly to staff and leader communications;

- Prepare ahead of time for all Board meetings;
- Think for the future of MAOPS and be willing to change for the better;
- Promote the organization’s image by supporting the decisions of the Board even if not in agreement (Question in private with the Board – support in public!);
- Be respectful of all staff, volunteers and members;
- Accept the non-governance responsibilities that come with Board service, including social and other functions sponsored by MAOPS when your schedule allows. All efforts should be made to fully participate in such functions at the annual convention; and
- Help to identify and cultivate new leaders on the Board and committee.

If elected, I agree to abide by the expectations outlined above.
