“I thought the feedback we received from the residents and fellows was genuine and helpful for me to gauge what I am looking for in a program.”

**Resident/Fellow Showcase**

Residents and fellows from various institutions in Massachusetts and Rhode Island came to speak with students about the residency and fellowship process. Students learned more about the application process and what residency/fellowships are like.

**MCPHS University Leadership Awards Banquet**

Our SSHP Chapter was fortunate to be nominated for 4 awards. We were honored to win the Community Impact award this year and thank our executive board and general members for all their effort!
“We had so much fun at the ASHP-SSHP Pharmacy Bowl! It was a great way to prepare for finals and interact with our fellow peers!

ASHP-SSHP Pharmacy Bowl

As the semester draws to an end, our student society held our annual Pharmacy Bowl to help students prepare for finals. P1 and P2 students formed teams of four to tackle on the questions submitted by faculty from nine different courses. Using the team mode in Kahoot!, players were challenged to not only select the correct answer, but also, to select that answer faster than their peers! First and second place prizes included gift cards from Fuel and Spoodles, respectively, to fuel the winners through finals week.
“There wasn’t much more to ask for in bringing our school together for a final event, and we raised money for a good cause in the process!”

Run from Resistance 5K 2019

For the 5th anniversary of the Run from Resistance, the Northeastern University Society of Health-System Pharmacy, Phi Lambda Sigma, and Phi Delta Chi collaborated with leaders across all of Northeastern’s pharmacy organizations to host a color run to raise funds for the Alliance for the Prudent Use of Antibiotics (APUA). Special thanks to Tetraphase, IDStewardship, Northeastern Student Government Association, and Trader Joe’s for helping us put this event together!

Volunteering at Susan Bailis Assisted Living Facility

With the change of seasons comes a host of health issues. Allergies will flare up and people will spend more time out in the sun. Students from our SSHP gave a brief presentation to the residents of Susan Bailis about over-the-counter medications they should use, those they should avoid, and the importance of sunscreen. They then reinforced the learning with a true & false quiz with prizes!
“It’s great to see all the organizations on campus come together in one event!”

Health Fair

Our SSHP chapter teamed up with all the organizations within the college of pharmacy to educate the accepted students of Western New England University on different areas of health care.

Out of the Darkness Walk

Our SSHP team participated in the annual Out of the Darkness Walk on campus to increase suicide awareness. We provided education on blood pressure monitoring!
