CE CHECK IN INSTRUCTIONS

All CE check-ins will take place in the conference app by entering the appropriate code at the start of the first lecture, lunch and end of the day. All entries are time stamped.

1. Open the app and navigate to the agenda via the menu on the left.
2. Open the session requiring the check-in.
3. When the code is announced, enter it into Live Poll.
4. Responses will be time stamped and labeled with your name and email. The session code must be entered during the session itself; replies before and after the session will not be accepted.

ACCREDITATION

This activity has been planned and implemented in accordance with the standards and requirements for approval of providers of continuing education in podiatric medicine by the Board of Registration in Podiatry for the Commonwealth of Massachusetts. The Conference has been approved for up to 14 hours of CME including 1 hour of pain management designation.

HAVING TROUBLE WITH THE APP?

Visit the registration desk for help!

A few tips to make this new recording process easier:

- From the main agenda tab, click the “calendar” icon to “add” each session to your personal agenda.
- Find “Your Sessions” list on the homepage of the app, or by navigating to the “person” icon in the top right and clicking on “Agenda.”
- Use the Filter to find specific lecture and workshop tracks.
- The “Session Rating” question is optional. We appreciate your feedback on each session!
- Only sessions that are approved for CE credit have the “session code” question enabled.

MEETING SPACE

Celebrate Ballroom

DISCLOSURE

It is the policy of APMA Region One to insure balance, independence, objectivity, and scientific rigor in all its individually provided or jointly provided educational programs. All faculty participating in any continuing education activities are expected to disclose to the program audience any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of the continuing education program. This pertains to relationships with pharmaceutical companies, biomedical device manufactures, or other corporations whose products or services are related to the subject matter of the presentation topic. The intent of this policy is not to prevent an instructor with a potential conflict of interest from making a presentation. It is merely intended that any potential conflict should be identified openly so that the learners may form their own judgments about the presentation with the full disclosure of the facts. It remains for the audience to determine whether the instructor's outside interests may reflect a possible bias in either the exposition or the conclusion presented.

SEMINAR EVALUATIONS

The link to an online survey will be sent to you after the conclusion of the conference. We appreciate you taking the time to complete the survey. We would like to hear what you liked about the conference, what we can do better, and what you would like to learn at future conferences.

THANK YOU TO THE SCIENTIFIC COMMITTEE!

Scientific Chairs

Scott Aronson, DPM; David Sipala, DPM, FACFAS;
Michael Theodoulou, DPM, FACFAS

Committee Members

Rebecca Calder-Kelly, DPM; Frank Campo, DPM;
Nassim Tabrizi, DPM; Walter Wolf, DPM
