

Dan Dalton – Director

Anchor Industries

Dan started with Anchor industries in 1993 as a custom products sales representative specializing in pool covers and awnings. With a background in swimming pool installations, Dan craved expanding his technical knowledge and hands on experience. It was only a matter of time before he transitioned to tenting. In just a few years, Dan was a full-time tent rep. In 2013, he followed in Steve Belliveau's footsteps and joined the MATRA Board of Directors. Dan strives to expand his own knowledge of the industry, share his knowledge with others and see The Tent Show continue to be the catalyst for that growth.
