

Steve Campbell – Director

L&A Tent Rentals

Steve started with L&A Tent Rentals Inc in 2004 as a temporary employee assisting in tent installations where he immediately enjoyed the wide-ranging challenges that accompany the job every day. After several years of hard work Steve became the Operations Manager at an expanding L&A Tent Rentals where he continues to serve today. Through the years, he has attended countless MATRA and IFAI-TRD educational seminars and has traveled around the country to assist manufacturers in educating their customers on the safe installations of their products. Steve is always eager to expand his education within the industry and looks forward to sharing his experiences and knowledge with MATRA members.
