

Carol Lee Cundey, CERP

Eureka! The Tent Company

Carol began her career as an Event Producer in the New York Metropolitan area in 1989. Her concentration was on large scale corporate events, fundraising galas and groundbreaking events, working closely with rental companies and tent experts throughout the mid-Atlantic. Fun Fact: Carol attended her very first MATRA in 1990 (or '91) at the Philadelphia Airport Marriott. In the mid-90's, she handled events for Seton Hall University prior to moving to Northeast PA, where -- in 1998 -- she saw an employment ad in the local paper for a marketing manager at a Binghamton manufacturing facility with a highlighted requirement being "willing to learn about the special events/rental industry". Carol has been at Eureka! since that time.
