PROTECTING MICHIGAN WATERS

WHAT THIS MEANS FOR BOATERS:

• Reduced pollution and improved water quality
• Protection of fish and wildlife habitat
• Supporting a marina that cares as much about the Lakes as you do

LEARN HOW YOU CAN HELP, AND FIND A CERTIFIED CLEAN MARINA NEAR YOU:
michigancleanmarina.org

The Michigan Clean Marina Program is a cooperative effort of the Michigan Boating Industries Association, the Michigan Department of Natural Resources, and Michigan Sea Grant. Financial assistance for this project was provided, in part, by the Michigan Coastal Zone Management Program, Department of Environment, Great Lakes and Energy, under the National Coastal Zone Management Program, through a grant from the National Oceanic and Atmospheric Administration, U.S. Department of Commerce.
DEAR FELLOW BOATING ENTHUSIASTS,

On behalf of the Michigan Boating Industries Association (MBIA), let me take this opportunity to welcome you to the amazing world of boating in Michigan! We are so excited to be kicking off the boating season for 2020 a full month earlier by hosting the 62nd annual Detroit Boat Show at the newly named TCF Center, January 18-26, 2020 (previously Cobo Center).

The earlier dates are a win–win for the consumer and more than 100 exhibitors at this event, and MBIA recently outlined some of the reasons:

1) **Kicking the winter sales season off a month early will help assure boats that are ordered are delivered in time for spring launch.** Boats are manufactured differently than cars and need more production time – the earlier the better when it comes to special orders.

2) **Get an unbeatable deal by taking advantage of manufacturers’ desire to balance their production cycles.** Manufacturer incentives are larger when the demand is lighter, so you will see larger rebates at winter boat shows, which often disappear in the spring.

3) **Design the boat of your dreams – get every option you want and in your choice of colors.** If you wait, come spring, you may be limited to the remaining boats in stock at the dealership. If you want to customize, earlier is always better.

4) **More selection for pre-owned boat purchasers:** Because the volume of boats sold at this event is so great there will be a greater number of used boats coming on to the market at this time. Better selection and better pricing is always a good thing for those shopping for used boats.

5) **Get top trade in values:** Michigan has sales tax on the difference in place which means, when you purchase a new boat from a dealer you only pay sales tax on the difference between the cost of the new boat and the value of your trade in. Trade– in values are typically larger at winter boat shows to help motivate buyers, so the STOD savings is larger as well.

6) **Avoid the lines:** One stop shopping at the Detroit Boat Show lets you get it all done ahead of time. From low cost financing to boat registration renewals, from marina dockage to electronics, from beach maintenance to decks and docks, and so much more. You can make it all happen early at the show to create a carefree start to the 2020 boating season.

We are proud that the Detroit Boat Show is one of the oldest and largest boat shows in the nation. For some it is a tradition, for all it is a must–experience event – even if you are not in the market to purchase a boat! You and your family can enjoy one-stop–shopping for all things related to boating and the boating lifestyle, enjoy food, entertainment, features for the kids, and so much more. We also invite you to join us for our other MBIA sponsored boat shows throughout the year including the Novi Boat Show in March, and the Metro Boat Show in September 2020.

So please enjoy this boating guide showcasing our MBIA dealers and services, and we hope that you and your family have a great time on the water during the upcoming 2020 boating season— and for many years to come!

Sincerely,

Patti Wiles-Smith—
MBIA Board Chair
