**EXPERIENCE**

- Mr. Whitehead, a founding owner in ATCS, has managed the Waldorf Office for the past 25 years. Mr. Whitehead has 50 years experience in directing and performing all aspects of land development including planning, engineering and surveying. Mr. Whitehead's specialty focus has been stormwater management design. Responsibilities have included management and coordination of major planned institutional projects ranging in size from fifty acres to 2,400 acres across Southern Maryland and Virginia. Mr. Whitehead managed two (2) offices in Richmond, VA for Dewberry and Davis specializing in Environmental Engineering, Architecture and Land Development Engineering/Planning/and Land Surveying from 1985 to 1991. Additional experience includes large federal projects, Institutional and large scale mapping projects, GIS and environmental wetlands. Over the past 25 years, Mr. Whitehead has concentrated his land development activities in Southern Maryland, Prince George's County and Anne Arundel County Maryland. As ATCS' manager for Maryland operations, relevant experience includes:
- Stormwater management and storm drain experience includes major projects across southern Maryland, Prince Georges County and Anne Arundel County for the past 25 years. During this time Mr. Whitehead is witnessed and participated in the evolution of the stormwater management ordinance to its present form. Mr. Whitehead assisted NSPE in presenting the ordinance to the engineering community in 2010 with Mike Clar, PE who had a significant role in crafting the ordinance.
- Mr. Whitehead has specific design experience in the implementation of ESD design and has had the opportunity to witness the transformation of the MDE's understanding and implementation of environmental site design.
