WHY SPONSOR?

Sponsorship will enhance your visibility with the medical technology industry and your commitment to health care in Canada. A range of benefits are available to our corporate sponsors, commensurate with the level of sponsorship. We would also be delighted to tailor a benefits package to meet your organization's needs.

- Increase your visibility with decision-makers and influencers in the \$6 billion medical technology industry.
- Enhance your reputation, credibility and influence by aligning your brand with MEDEC, the national association for the medtech industry.
- Get a competitive edge by building direct personal relationships with the decision-makers who make buying decisions about your products and services.

There are two ways to sponsor this conference:

- Become a general sponsor at the Platinum, Gold or Silver level; or
- Select directed sponsorship and you determine where your support goes (details on page 4)

PRAISE FOR THE 2018 MEDEC MedTech CONFERENCE

Canada's 2018 MedTech Conference, attracted more than 300 industry, government and healthcare organization leaders.

"Very worthwhile presentations on hot topics with invaluable networking opportunities with likeminded peers from the medical device industry."

"It is the premier industry event for hearing from government, service providers and health system leaders. This event serves as a foundation for strategic planning and other pertinent business functions to ensure alignment with all industry stakeholders."

"This conference is an excellent place to meet with the key players in the Canadian MedTech ecosystem. It is not a trade show so don't expect to be button-holding potential new clients, but it is an excellent venue to see trends and leaders in the industry."
