SURVEY CREW CHIEF / FIELD TECHNICIAN

ROWE Professional Services Company, a leading Land Surveying and Civil Engineering firm, is currently seeking an experienced Survey Crew Chief and/or Field Technician to join our Farmington Hills and Kentwood, MI offices. Successful candidate will be responsible for topographic data collection, boundary surveys, construction staking and MDOT and utility route surveying.

DUTIES AND RESPONSIBILITIES

- Research previous survey evidence, maps, deeds, physical evidence and other records to obtain data needed for surveys
- Determine precise location and measurements of points, elevations, lines, areas and contours for construction, map making, land division, titles or other purposes
- Extensive work in the field throughout the year and during all types of weather conditions and physical environments
- Determine methods and procedures for establishing or reestablishing survey control
- Keep accurate notes, records and sketches to describe and certify work performed
- Mark points of measurement with elevation, station number or other identifying mark
- Measure distance between survey points with steel tape, cloth tape or electronic instruments
- Maintain equipment and survey vehicle
- Perform other duties as assigned

QUALIFICATIONS AND REQUIREMENTS

- High School diploma or equivalent with strong math aptitude required
- Minimum of 2 years of experience performing survey field work is also required
- Experience with AutoCAD, MicroStation, robotic instruments and GPS is a plus

ROWE OFFERS

A very competitive wage and benefits package including medical, dental and vision insurance; generous PTO program; paid holidays; flextime; 401(k) with company match and much more.
