UNLOCK THE MOST POWERFUL RESOURCE IN SCHOOL BUSINESS...

ACCESS TO YOUR PEERS AROUND THE WORLD.

asbointl.org/Network
The Global School Business Network is a robust online community providing access to industry blogs, discussions, and resources.

Here’s a step-by-step guide to getting started and making the most of this member benefit.

GET STARTED. LOG IN AT asbointl.org/Network.

You’ll use the same login and password you use to register for events and pay dues. Contact membership@asbointl.org for login information.
PROFILE. INTRODUCE YOURSELF TO YOUR PEERS.

We've used your information from our database to complete the basic parts of your new profile, including your name, title, organization, and professional designations.

Now make it yours by adding information to areas like education history and interests to help other members find you and get conversations started. You can even automatically populate your profile with your LinkedIn account!

Don't forget to upload a picture—this helps personalize the community and allows others to get to know you.

Note: You are able to establish what information others can see about you using the MyAccount tab on your profile. In addition, you can set your Email and Community Notification Settings to determine how often you receive emails from your communities.

MY SUBSCRIPTIONS. CHANGE YOUR DELIVERY OPTIONS.

Click on the Communities tab and select My Subscriptions.
COMMUNITIES. CONNECT WITH MEMBERS ACROSS BOUNDARIES.

The All Member Community is the main hub for discussion and networking on the Global School Business Network. All members are automatically subscribed to this group and the daily digest of discussions. Depending on your involvement in ASBO International and your local affiliate, you may also be a part of other communities. Click on Communities and then My Communities to see what groups you have access to.

DISCUSS. ASK A QUESTION; START A CONVERSATION.

Once you have selected a community, you can start a discussion by clicking Add next to Latest Discussion Posts. You can also post directly from one of the emails you receive using the Reply to Group Online link.

Hello everyone!

Our district is redefining Acceptable Use policies for school district staff regarding social media and technology use. Would anyone be willing to share their current guidelines or offer insight on this issue?

I am looking forward to hearing from all of you!
Look for other members by name, company, or email address using the Directory. Dig deeper using the Advanced Search function to look for people by location. Once you’ve found who you are looking for, you can view their profile, send a message, and add them as a contact.

The Global School Business Network comes with a robust Search function that gives you the ability to locate past discussions and shared resources that include what you’re looking for. Your search results will only include content that you have access to.
“I frequently use ASBO International's Global School Business Network to seek advice from my peers, not just locally but throughout the world. I especially value the willingness of people from other districts to share resources. We learn from each other and want everyone to be successful in their roles.”
