818 NAMING SCHOOL BUILDINGS OR FACILITIES

I. PURPOSE

The purpose of this policy is to establish guidelines for the naming of school buildings or facilities.

II. GENERAL STATEMENT OF POLICY

A. School Board Initiated Naming or Renaming of a School Building or Facility

The naming of school buildings or facilities is the responsibility of the School Board. When naming a building or facility, the Board may appoint a committee to make recommendations to the Board. The committee should consist of community members, school personnel, and students.

Schools and sites shall normally be given names which are indicative of the areas in which they are located. Schools may be named for individuals who have achieved significant places in America, Minnesota, or School District life, when appropriate or entities which have contributed significantly to the District.

The names of sites which serve a district-wide function (e.g., Administrative Services, Community Education) and for facilities or portions of facilities which are jointly owned by the School District and other entities may be named to illustrate the nature of their role in the District.

Portions of school facilities, such as libraries, gymnasiums and athletic fields, shall be named according to their educational purpose; however, names of individuals or entities may also be associated with these facility sub-units upon designation by the Board.

1. Nominations may include names of one-time District employees, citizens who live within the School District, or former students in the District.
2. Each case shall be acted upon separately by the School Board.

3. Nominations shall be submitted to the Superintendent who will duly inform the Board members at the time of nominations and who will maintain a current file of nominations.

When naming a facility, the following criteria shall be considered:

1. The proposed name shall be appropriate.
2. The name will stand the test of time.
3. If the name involves a person, there shall be evidence of distinguished service, special school contributions (fiscal or service), or other honors earned which reflect well upon the education received in the School District.
4. Naming a site or facility after a deceased person shall be done after taking the above criteria into consideration and after a waiting period of one year following the individual's death.
5. In naming sites or facilities, special consideration will be given to those names that will have some special meaning to the students and citizens and will enhance the educational program of the school district.

B. Citizen Group Initiated Naming or Renaming of a School Building or Facility

The criteria and standards for naming or renaming a building or facility shall be the same as listed in section A of this policy.

To ensure a broad base of support for a nomination, the group must submit a petition signed by at least 100 district residents or former students before the School Board will consider naming or renaming a building or facility.

Upon receiving a proper request to name or rename a building or facility, the School Board shall wait at least 30 days before making a decision, allowing adequate time for public input on the proposal.

The School Board will make the final decision and reserves the right to reject any proposal to name or rename a building or facility.

C. Periodic Review

Periodically, site or facility names shall be reviewed as to their continued appropriateness. If a particular name is no longer appropriate, the School Board reserves the right to change it.
