

Minnesota's Credit Unions

TOGETHER WE ARE STRONGER

We are the trade association for Minnesota's Credit Unions. Our role is to help the industry as a whole grow market share by creating a favorable legislative environment, easing regulatory burdens, and increasing consumer awareness. We also provide credit union employees and board members professional development and networking opportunities.

An investment in the Network is an investment in the future of your credit union.

ADVOCACY

The ever-changing political landscape of financial institutions demands consistent legislative and regulatory advocacy.

State & Federal
Legislative Advocacy

Regulatory Advocacy

Support pro-credit union
candidates & legislation
