

Competition Categories

2019 International Cold Climate Wine Competition

Category Rules:

- Single varietals must contain at least 75% of the designated variety (75% cold-hardy grape). If the wine does not meet this standard it is considered a blend.
- Blends must contain 75% cold-hardy grape varietals.
- Non-grape fruit wines must contain 75% cold-hardy fruit.
- Identify all varietals in registration.
- ICCWC competition organizers reserve the right to disqualify a wine if any of the rules have not been followed properly.
