# MNLA/UM Professional Certification Manual

## Table of Contents

### SECTION 1. CERTIFICATION MANUAL AND PROGRAM

1. Table of Contents .................................................. 1-1  
2. Acknowledgements - found online at www.MNLA.biz .................. 2-1  
3. Authors and Contributors - found online at www.MNLA.biz .......... 3-1  
4. MNLA/UM Certified Professional Program .......................... 4-1  

### SECTION 2. NURSERY AND LANDSCAPE ADMINISTRATION

5. Laws, Regulations, Guides, Ethics and Professionalism  
   Part I: Federal Guides For the Nursery Industry ...................... 5.1-1  
   Part II: Minnesota Laws and Regulations Pertaining to Nursery Stock .... 5.2-1  
   Part III: Tree Care Registry, Minnesota Department of Agriculture .... 5.3-1  
   Part IV: Buyers Guide for Importing Nursery Stock into Minnesota .... 5.4-1  
   Part V: Professionalism – Know the Law, Obey the Law ............... 5.5-1  
6. Environmental Management  
   Part I: Environmental Stewardship .................................. 6.1-1  
   Part II: Invasive Plant Guidelines  
7. Occupational Health and Safety ...................................... 7-1  
8. Shipping and Handling ............................................... 8-1  
9. American Standard for Nursery Stock - found online at:  

### SECTION 3. PLANT BIOLOGY AND PHYSIOLOGY

10. Plant Nomenclature and Classification .............................. 10-1  
11. Plant Structure ...................................................... 11-1  
12. Plant Growth and Development  ................................... 12-1  
13. Plant Cold Hardiness and Winter Protection ........................ 13-1
## SECTION 4. PLANT MATERIALS

SECTION 6. PEST MANAGEMENT

36 Pesticide Management

Part I: Classification, Formulation, Regulation, the Label, Storage and Disposal .................................................. 36.1-1
Part II: Pesticide Health Risk Assessment .................................................. 36.2-1
Part III: Pesticide Poisoning, First Aid and Spills .................................................. 36.3-1

37 Disease Management

Part I: Biotic and Abiotic Plant Problems .................................................. 37.1-1
Part II: Diseases of Trees and Shrubs .................................................. 37.2-1
Part III: Disease Control in the Landscape, Nursery and Turf .................................................. 37.3-1

38 Insect Management

Part I: Insect Problems on Trees and Shrubs .................................................. 38.1-1
Part II: Biological Control of Insects and Mites .................................................. 38.2-1
Part III: Host Plants and Associated Pests .................................................. 38.3-1
Part IV: Symptom Categories of Pest Damage .................................................. 38.4-1
Part V: Classes of Pesticides used in Landscape and Nursery Pest Management .................................................. 38.5-1
Part VI: Tree Injection and Implanting of Insecticides .................................................. 38.6-1
Part VII: Using Degree-Day and Plant Phenology to Predict Pest Activity .................................................. 38.7-1
Part VIII
   A: Pesticide Compatibility with Biological Controls .................................................. 38.8A-1
   B: Insecticides and Miticides for Trees, Shrubs and Herbaceous Perennials .................................................. 38.8B-1
   C: Turf Information About Insecticides and Miticides .................................................. 38.8C-1
   D: Insecticides for Home, Nursery and Landscape .................................................. 38.8D-1
   E: Pesticides for Turf .................................................. 38.8E-1
   F: Insecticides and Miticides for Various Sites .................................................. 38.8F-1
Part IX. Plant Pest Descriptions .................................................. 38.9-1

39 Weed Management .................................................. 39-1
SECTION 7. PLANT PRODUCTION
40 Plant Propagation .................................................................40-1
41 Container Production ............................................................41-1
42 Field Production of Nursery Crops ........................................42-1
43 Floricultural Production and Management
   Part I: Background and Introduction ......................................43.1-1
   Part II: Greenhouse Production ............................................43.2-1

SECTION 8. LANDSCAPE DESIGN AND CONSTRUCTION
44 Landscape Design .................................................................44-1
45 Landscape Contracting ..........................................................45-1
46 Hardscape Construction ........................................................46-1
   Part I: Permeable Interlocking Concrete Pavement Systems - PICP ....46.1-1

SECTION 9. NURSERY AND LANDSCAPE BUSINESS OPERATIONS
47 Garden Center Management ..................................................47-1
48 Marketing, Merchandising and Sales
   Part I: Marketing for the Green Industry Professional .................48.1-1
   Part II: Merchandising ..........................................................48.2-1
   Part III: Green Industry Sales ...............................................48.3-1
   Part IV: Industry Guide to Marketing Container Plants ...............48.4-1

SECTION 10. RESOURCES AND REFERENCES
49 Units of Measure and Conversions Factors ...............................49-1
50 Glossary .............................................................................50-1
