

NAME THAT PLANT

PLANT I.D. SKILLS TRAINING

August 25, 2020 | 9:00 a.m.—12:00 p.m.

Noerenberg Gardens, 2865 Northshore Drive, Wayzata, MN

Plant identification can be challenging, but is an important and essential skill for all landscape professionals.

This half day hands-on training will cover plant identification basics of: deciduous and evergreen shrubs, herbaceous perennials, roses, and trees—both deciduous and evergreen.

This training is for anyone wanting to develop or improve their plant identification skills and will appeal to many green industry professionals including landscape management staff, garden center staff, landscape designers, landscape contractors, and professional gardeners.

Attendees will be outside for the entire training and should dress for the outdoors.

Attendees may want to bring a notepad and pen or a mobile device to take notes.

Register early. Class size is limited. State and CDC distancing guidelines will be followed.

Parking is free. Food and drink will not be provided—as they are not allowed in the gardens. Attendees are encouraged to bring water in a reusable bottle.

Registration Refund Policy

MNLA is continuing to plan education and events for the green industry. All precautions will be taken to meet social distancing requirements and the guidelines set in place by local and state agencies as well as venues. But, as we all know, there are no promises during these times and we are taking this day by day and will announce any changes as they come if necessary. We also know these are difficult and uncertain times for everyone, so we've made a few adjustments. Should changes occur causing an event to be cancelled due to COVID-19 issues, your registration would be refunded in full.

Photo/Video Consent

Registration and attendance at or participation in MNLA meetings and other activities constitutes an agreement by the registrant to MNLA's use and distribution (both now and in the future) of the registrant or attendee's image or voice in photographs, videotapes, electronic reproductions, and audiotapes of such events/activities.

MNLA CP: 2 pts. | Level: All
