MLA RESERVE POLICY

Basis for a Reserve
The Minnesota Library Association desires to maintain a firm and strong fiscal foundation. To achieve that it is the policy of this organization to hold certain assets in reserve. This policy outlines the size of the reserves and the intended uses of the reserve funds.

Reserve Fund Types
There are to be two primary types of reserve funds. The first is to sustain the Chapter for a period of not less than nine months in the event that basic operations continue and revenue does not, and will be known as, “Operating Reserve.” The second is to provide funding for special projects and strategic initiatives and will be known as, “Strategic Reserve.”

Operating Funds/Reserve
An operating fund (or reserve) is maintained by an Organization to help them maintain their Organizational activities during times of hardship. The value of this reserve should be the greater of nine months current operating expenses or one-third of the average actual annual operating expenses for two of the previous three years. The amount to be held for the Operating Reserve needs to be calculated at the start of each fiscal year using data from the preceding fiscal year. The Executive Committee of the Board will be contacted immediately if there is an Operating Reserve deficiency at the year-end.

Strategic Reserve
The Strategic Reserve is any funds remaining after establishment of the operating reserve. This reserve will be used, at the discretion of the Board, to fund special projects and strategic initiatives. Reserves should be used for programs that:
   1. Benefit MLA members
   2. Enhance or complement on-going programming for the membership.

Examples may include, but may not be limited to:
   1. Seeking and implementing external, contracted services (this includes cutover costs from existing vendors)
   2. Contributions to scholarship and other member support initiatives
   3. Upgrades to the website

NOTE: The nature of some projects funded through this reserve may require multi-year funding. In that event, if those commitments have met established phase funding approval, they are removed from the funds available in this reserve and considered designated funds.

Access of the Strategic Reserve

1. Funding requests for this reserve must be presented for review and approval before a quorum of the Board as normal Board Meeting business. The funding request must include a proposal, budget, cost/benefit analysis that is as quantitative as is reasonably possible and describe the alignment to the MLA mission. The request may be initiated by any member in good standing of the Minnesota Library Association. The primary author of the request will be asked to present their request to the Board. These requests will be considered throughout the year. Requestors are required to prepare a project plan including budget, project schedule and resources used in a detail appropriate to the project. This plan will be
reviewed with the Board

2. To maintain the funding the minimum that is required of the individual or group formed to implement the initiative:

3. Provide a monthly status of budget and project progress to the Board using the MLA Board Report form

Unbudgeted Funds
MLA budgetary units occasionally have needs that exceed planned budgets. MLA Executive Committee may authorize expenditures of 10% in excess of budget for a subunit.

Designated Funds
The Board of Directors may create designated funds for specific Association activities. These funds will be called out on the face of the Organization’s balance sheet. Their balances will be considered part of the Organization’s strategic reserve. The annual interest from designated funds administered by the Association will be returned to the operating fund.

Subunit Carry-Over Funds
As part of a financial restructuring in 1995, the ability for subunits to maintain individual unit reserve funds was eliminated. Subunits are encouraged to make budget requests on an annual basis for planned activities. On a case-by-case basis, the Board of Directors may approve the carry-over of a specific subunit’s funds to accomplish a specific project or activity. If no financial activity occurs within a two-year period and the subunit does not take action with the Board of Directors, the individual subunit’s carry-over fund will be returned to the operating fund. MLA administers these funds.
DIVISION AND SUBUNIT BUDGET POLICY

January 15, 2021

Minnesota Library Association Board of Directors will set policies and procedures for funding of Divisions and Subunits (Sections & Round Tables) of the organization. Divisions and Subunits should address their finances in their policies.

Base Budget
Subunits of MLA will receive an annual base budget as follows: $200 for Divisions and $100 for Roundtables and Sections.

The base budgets support the unit’s activities and specific and unique responsibilities such as, but not limited to, communication expenses, photocopying, supplies, meeting expenses and other routine operating activities. Base budgets may not cover expenses of individual members unless authorized by the MLA Board of Directors.

Carrying Over Funds
Base budget funds will not be carried over to a new budget year.

Requested Funds
For activities beyond the scope of the base budget, units may apply to the MLA Board of Directors for funding by submitting a Subunit Project Proposal Form, available on the MLA website. Units may request additional funds for activities that support the mission and strategic vision of the Association and the unit’s specific and unique responsibilities. Requests for Annual Conference and program budgets will be made in accordance with policies governing Annual Conference and programs.

Monies are allotted based on availability and services to unit and Association members as determined by the Board of Directors. Such monies are to be in the custody of the Association and will be disbursed on authorization of the division, section or round table through procedures established by the Board of Directors. Any balances unexpended and undesignated at the end of the fiscal year will revert to the general Association operating fund.
All disbursements of the Association funds within the approved budget must be authorized for payment, initially by the Executive Director, and ultimately by the President and Treasurer at the time of actual disbursement of funds (Bylaws, 2.6.2).

All requests for disbursement (including reimbursement) should be submitted to the MLA Office with appropriate documentation. The MLA Office will send the Treasurer and President a check register to approve before checks are to be written. The MLA Office retains a copy of Check Requests and documentation for seven years as mandated.

All check requests must include a completed Check Request form and a supporting vendor invoice, written bill, contract, receipts, or other documentation. The Check Request form and supporting documentation should be submitted together at the same time. Check Request forms can be downloaded from the MLA website (http://www.mnlibraryassociation.org) or requested by contacting office@mnlibraryassociation.org. The form should be completed by the relevant subunit chair, committee chair, or other MLA volunteer or MLA office staff coordinating the disbursement request. Check Request forms must be submitted for all disbursements to be paid by check, including items that appear in the annual budget. Instructions for coding expenses and submitting the Check Request appear on the Check Request form. All check requests should be submitted to the MLA Office at least one full week before the monthly MLA Board Meeting. Board Meeting dates are posted on the MLA website.

Requests without proper documentation will be rejected and sent back to the submitter. The Treasurer will be copied on all rejected check requests. Missed deadlines will not justify special payment runs.

All payments made by the MLA Office via credit card will be approved initially by the Executive Director, and ultimately by the President and Treasurer upon payment of the MLA Office invoice.

Some disbursements are related to contracts. The President, upon authorization of the Board, shall sign all contracts and agreements in the name of the Association (Bylaws, 2.3.3). The President will submit a copy of all signed contracts to the MLA Office so that the contracts will be on file when related disbursements are needed. The MLA Office will retain related documentation as guided by the organization’s document destruction practices.
REIMBURSEMENTS

Invoices and requests for authorized reimbursement(s) must be submitted to MLA within 30 days from the date incurred. If the MLA volunteer coordinating the reimbursement has not received an invoice to forward to the Executive Director within 30 days, the Executive Director shall be notified of the delay. All requests shall require executive committee action and approval for payment.

Receipts for travel must be submitted for reimbursement of transportation, registration fees at pre-registration reduced rate, actual expenses for lodging and meals all within guidelines established by MLA.

Reimbursement for food and beverage, program printing, office supplies, printing and copying, or any other expenses related to subunit or division events or activities, will be authorized only for expenses that directly support those events or activities; all other reimbursement requests will be denied. All reimbursement requests should be commensurate with the scope of the event or activity, including, but not limited to, the number of event attendees, the volume of programs to be printed, the volume of printing and copying to be done, and so forth.

All reimbursement requests should include a completed Check Request form and supporting receipts and other documentation. Check Request forms must be submitted for all reimbursements, including items that appear in the annual budget.

Requests without proper documentation will be rejected and sent back to the submitter. The Treasurer will be copied on all rejected check requests. Missed deadlines will not justify special check runs.

An MLA program is a planned presentation with a clearly defined structure and content, seeking to meet specified goals and objectives for an identified audience. Conference programs and activities are governed by separate Conference Policies (Section 20).

Programs are to be coordinated and planned in accordance with MLA policies. Requests for advance seed money may be submitted for consideration with the understanding that the money will be reimbursed. Tentative site locations may be arranged prior to approval. No further financial arrangements may be made until approval of the Budget and Finance Committee is received. Any financial agreements entered into by units without Committee approval will be paid from the Unit budget.

Divisions of MLA are eligible to apply to the MLA Program Fund for programs in addition to the program budget process.

**Budget and Registration Fees**

Program budgets detailing expenses, proposed registration fees and any budgeted scholarships for the specific program must be itemized on the Program Request Form and submitted to the Treasurer. The Request will be considered at the next scheduled Budget and Finance Committee meeting. All subunit programming should be self-supporting. Programs are to be budgeted at no less than cost plus 15% for administrative overhead.

Any balances unexpended and unencumbered at the end of the fiscal year shall revert to the general association operating fund unless otherwise agreed to by the Board of Directors.

ANTITRUST POLICY

Introduction
Broadly stated, the basic objective of the antitrust laws is to preserve and promote competition and the free enterprise system. These laws are premised on the assumption that private enterprise and free competition are the most efficient ways to allocate resources, to produce goods at the lowest possible price, and to assure the production of high quality products.

The U.S. antitrust statutes of principal concern to companies and individuals that participate in trade association activities are Section 1 of the Sherman Act and Section 5 of the Federal Trade Commission Act. These laws prohibit all contracts, combinations, and conspiracies that unreasonably restrain trade.

Why is Compliance with the Antitrust Laws Important?
Aside from the fact that MLA is committed to abiding by the laws of all jurisdictions in which it operates, the penalties for violations of the antitrust laws can be very severe – both for MLA members and for individuals.

For the Association:
- Injunctions or other orders issued by the courts may prevent MLA from pursuing association business.
- On occasion, courts have ordered trade associations to disband.

For Members:
- Under U.S. antitrust laws, corporations can be fined up to $100 million per violation. Courts also can impose an “alternate fine” of up to twice the gain to the perpetrator or twice the loss to the victim as a result of illegal behavior.
- Courts or government antitrust agencies can impose permanent restrictions limiting corporate activity.
- Private actions – by customers or competitors who can show they were harmed by the perpetrator’s actions – can result in damages many times the size of a government-imposed fine.

For Individuals:
- Violations of the Sherman Antitrust Act are felonies.
- Individuals can be imprisoned for up to ten years, fined up to $1 million, or both, per violation.

Dealing with a government antitrust investigation or a private antitrust lawsuit is expensive, time-consuming, and distracting. In addition, an investigation or lawsuit can seriously damage the reputation of MLA, its members, and individuals. These penalties, damages, and distractions are entirely avoidable by understanding in very basic terms what the antitrust laws require, and by consulting with legal counsel whenever you are in doubt.
Policy

The Minnesota Library Association (MLA) has a policy of strict compliance with federal and state antitrust laws. MLA members should avoid discussing certain subjects when they are together – both at formal MLA membership, Board of Directors, committee, and other meetings and in informal contacts with other industry members – and should otherwise adhere strictly to this policy.

I. These policies and procedures apply to all membership, board, committee and other meetings of the Association, and all meetings attended by representatives of the Association.

II. Discussions of prices or price levels is prohibited. In addition, no discussion is permitted of any elements of a company's operations which might influence price such as:
   a. Cost of operations, supplies, labor or services;
   b. Allowance for discounts;
   c. Terms of sale including credit arrangements; and,
   d. Profit margins and mark ups, provided this limitation shall not extend to discussions of methods of operation, maintenance, and similar matters in which cost or efficiency is merely incidental.

III. It is a violation of Antitrust laws to agree not to compete, therefore, discussions of division of territories or customers or limitations on the nature of business carried on or products sold are not permitted.

IV. Boycotts in any form are unlawful. Discussion relating to boycotts is prohibited, including discussions about blacklisting or unfavorable reports about particular companies including their financial situation.

V. It is the Association's policy that all meetings attended by representatives of the Association where discussion can border on an area of antitrust sensitivity, the Association's representative request that the discussion be stopped and ask that the request be made a part of the minutes of the meeting being attended. If others continue such discussion, the Association's representative should excuse herself/himself from the meeting and request that the minutes show that she/he left the meeting at that point and why she/he left. Any such instances should be reported immediately to the President of the Association.

VI. It is the Association's policy that a copy of these Antitrust Compliance Policies and Procedures be given to each officer, director, committee member, official representative of member companies and Association contract employees annually.

Guidelines:

The intent of these guidelines are to give you enough information about the law so you will know a dangerous area when you see it. The following are some of the most critical “Dos and Don’ts” for antitrust compliance:

● DO clearly state the purpose of any association meeting.

● DO insist that MLA meetings have agendas that are circulated in advance, and that minutes of all meetings properly reflect the actions taken at the meeting. All MLA meetings generally should have written agendas prepared and circulated in advance.

● DO request that counsel be present at any trade association discussion that involves potentially competitively sensitive information.

● DO seek legal counsel review of any “code of ethics,” “industry guidelines,” “standards,” or the like sponsored by a trade association.

● DO seek legal advice from legal counsel if you have questions regarding the antitrust laws or your responsibilities under these laws.
- **DO** leave any meeting (formal or informal) where improper subjects are being or will be discussed. Tell everyone why you are leaving.
- **DON’T** discuss prices, price trends, the timing of price changes, costs of common inputs, margins, terms of sale, discounts and rebates, advertised prices, promotional programs, inventory levels, production levels, capacities, new projects, and the like with competitors.
- **DON’T** discuss prices, fees or rates, or features that can impact (raise, lower, or stabilize) prices such as discounts, costs, salaries, terms and conditions of sale, warranties, or profit margins. Note that a price-fixing violation may be inferred from price-related discussions followed by parallel decisions on pricing by association members — even in the absence of an oral or written agreement on prices.
- **DON’T** share data concerning fees, prices, production, sales, bids, costs, salaries, customer credit, or other business practices unless the exchange is made pursuant to a well-considered plan that has been approved by legal counsel.
- **DON’T** agree with competitors as to uniform terms of sale, warranties, or contract provisions.
- **DON’T** agree with competitors as to restrictions on production or other output.
- **DON’T** agree with competitors to divide customers, markets, or territories.
- **DON’T** agree with competitors not to deal with certain suppliers, customers, or others.
- **DON’T** try to prevent a supplier from selling to your competitor(s).
- **DON’T** discuss your customers with your competitors.
- **DON’T** agree to any association membership restrictions, standard-setting, certification, accreditation, or self-regulation programs without consultation and approval by legal counsel.
WHISTLEBLOWER POLICY

This Whistleblower Policy is designed to provide a mechanism for contract employees and other organization leaders to raise good faith concerns regarding suspected violations of law or Minnesota Library Association (MLA) policy; to facilitate cooperation in any inquiry or investigation by any court, agency, law enforcement, or other governmental body; and to protect individuals who take such action from retaliation or any threat of retaliation by any other employee or agent of MLA.

This Policy applies to all MLA employees, including part-time, temporary, and contract employees, as well as directors, officers, and other organization volunteers.

MLA is committed to maintaining a workplace where employees and organization volunteers are free to raise good faith concerns regarding MLA's business practices. Employees and volunteers should be encouraged to report suspected violations of the law on the part of MLA; to identify potential violations of MLA policy, including those contained the MLA Policy Manual; and to provide truthful information in connection with any official inquiry or investigation.

MLA expressly prohibits any form of retaliation, including harassment, intimidation, adverse employment actions, or any other form of retaliation, against employees or volunteers who raise suspected violations of law, cooperate in inquiries or investigations, or identify potential violations of MLA policies. Any employee who engages in retaliation will be subject to discipline, up to and including termination.

Reports of suspected violations of law or policy and reports of retaliation will be investigated promptly and in a manner intended to protect confidentiality. The President, or his or her designee, will manage such investigation, and may request the assistance of counsel or other outside parties as he or she deems necessary. The President, or his or her designee, will prepare a report of the findings of the investigation, and submit such report to the Board of Directors.

In the event that a report concerns the President, he or she shall recuse himself or herself from the proceedings, and the Board of Directors shall select an appropriate officer of MLA to continue the investigation.

Any employee or volunteer who believes that he or she has been subjected to any form of retaliation as a result of reporting a suspected violation of law or policy should immediately report such incident to his or her supervisor or the President. Supervisors, managers, and Human Resources staff who receive complaints of retaliation must immediately inform the President.
