   e. Evaluations
      i. Evaluations spreadsheet - over 50% response rate
         1. Strong program
         2. A few people said they missed the lightning round
         3. White, male keynote speakers
         4. Liked the food, location, tours, and social time
      ii. Send to presenters?
   f. Sched - thoughts?
      i. Don’t think any presenters uploaded their presentation materials
      ii. We liked having the one-page handout that Allie made, and Sched seemed fine, easy to use and wasn’t too hard to set up
1. We could modify the presenter form for next time to make it easier to upload to Sched

g. No stage
   i. Usually there's a riser platform, it was ok this time since it wasn't too full but would be more of a problem if more people
      1. Wasn't listed in contract
      2. Phil will check with Jodi to see if this has been included in the contract previously
      3. Next time could have someone get even earlier to check on details like that

h. Temperature issues
   i. After we pointed it out they fixed it, but we don't know why it happened

i. Need to figure out a way to cap the tours
   i. Not great that we can't cap it during the registration process, the tours were very full
   ii. Ask Leslie to check on this
   iii. Also, next year some people will have already done the tours, so maybe fewer people will be interested
   iv. Other options:
      1. Don't list the tours in the registration, have it be a separate email blast
      2. First 10 people who show up in person
      3. Is there a way to do it in Sched?
      4. Do we know who the first ten people who registered are?
      5. Make the tours bigger and don't go in the rare book room

j. Land acknowledgement - any feedback?
   i. Next year, add local businesses, suggestion via email from Jody Gray

k. Out of pocket expenses
   i. For keynote, all the incidentals add up pretty quickly
   ii. Ask MLA: Can this be documented as an expense? There's a speaker line in the budget, could reimburse from that
      1. Rules about reimbursement for alcohol?

l. Program/map
   i. Lactation space - it is hard to find, maybe have a blurb in the program describing how to get there

m. Attendance
   i. 3 onsite registrations, 89 preregistrations, 3 or 4 no-shows
   ii. LOEX/ACRL could have made an impact on numbers
   iii. Could we rethink the event?
      1. Experiment with date, location, format?
      2. Surveys say they like the location
      3. Survey the membership and ask why
         a. Cost? Location? Time of year?
      4. Is there a related drop in academic membership in MLA? - this month's membership report was not broken down by division
         a. We get ACRL numbers each year - here's our Membership doc
5. PLD has a keynote in the morning, a breakout session, lunch, afternoon keynote, then a larger discussion in the afternoon
   a. at the Radisson Hotel Brooklyn Center
   b. a shorter day overall, 9:30-3:15, happy hour afterwards
   c. Venue is probably cheaper, maybe food is too
6. We should continue this conversation next month
