Total Solar Eclipse passes over Parkview Health Care Facility

According to the NASA website, the last time most Americans experienced a total solar eclipse was 1991. In 2017, an estimated 500 million people were able to observe the Aug. 21, 2017 total solar eclipse, in partial or total form. We couldn't miss this rare opportunity. While using protective eye wear we enjoyed this incredible event. Many family members, friends, and staff took part in our Eclipse Event which included a viewing party, snacks, and reminiscing.

Wilson honored as ANFP Member of the year

Penny Wilson, CDM, CFPP, nutritional services manager at Parkview Health Care Facility, was named the Association of Nutrition and Foodservice Professionals (ANFP) Member of the Year on April 20. Wilson received this award at the Missouri ANFP State Spring Conference in Booneville.

"Penny is truly one of a kind. She has committed

nearly 30 years to CMH and PVHCF," says Tim Francka, administrative director of Parkview Health Care Facility. "She is one of those dedicated individuals that goes above and beyond and truly loves what she does. She takes on all responsibilities with a passion to do all she can for her residents and her co-workers. Penny is truly deserving of this recognition and we are proud that she is a part of our CMH family."

Local university students serve at Parkview

Parkview Health Care Facility has partnered with Southwest Baptist University to connect college students with their elders. This new project brings students into the facility with the purpose of building relationships through conversation, crafts, music, and games. Each student is partnered one on one with a resident and students also provide a group activity each week.

Madison Cleaveland, Junior at SBU, is the leader of this student group. "It has been such an amazing experience getting to know the residents here and learning their life stories... I have learned so much from my time here at Parkview," she recently shared.

The students are making an impact on the staff and families as well. "They bring in such joy and life every time they visit! It's great to see their smiles and the smiles on the residents faces." This is the first year of the program and we hope to continue it for many years to come.

Parkview Hosts Community Trick or Treat Night

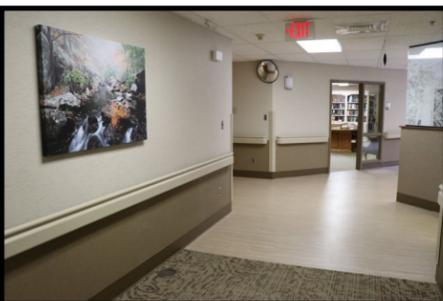

Ghost, Monsters, Fairies, and Princesses were just a few of the visitors Parkview Health Care Facility hosted at its annual Community Trick or Treat Night. The tradition, complete with spooky decorations and a pumpkin decorating contest brought in close to 500 families from the Bolivar and surrounding areas. "I love

that we can provide a safe, fun, indoor event for families to attend and the residents love seeing all of the kids in costume," shared Activity Director, Sara Nuxoll. This event is hosted by all CMH LTC Facilities annually on Oct. 31.

Parkview Health Care undergoes major remodel

We take pride in our home and we want it to look great. In February 2017 PVHCF began the process of a complete update on our facility. Brand new flooring, wall coverings, artwork, dining room tables and chairs, and furnishings have given Parkview a beautiful new look.

Parkview Health Care Facility is a 78 bed skilled nursing facility offering a variety of rehabilitation services including physical therapy, occupational therapy, and speech therapy. PVHCF offers several amenities including a beauty salon/barber shop, beautiful courtyards, large dining room and a full activity program.

But wait... there's more! 2017 highlights

McHenry and Burris honored at the 11th Annual Exceptional Caregiver Award Ceremony (pictured below)

PVHCF participates in the 2017 Golden Age Games (pictured above)

Jerry McCarty represents PVHCF at the 2017 M.H.C.A. Beauty is Ageless Pageant. (pictured left)
