Tell Us About Your Testing Experience

AHCA/NCAL is asking member providers to complete a [survey](#) on the availability, frequency and cost of COVID-19 testing in long term care settings (SNF, AL, ID/DD). Information from this survey will help AHCA/NCAL identify challenges and advocate for how testing should be used and reimbursed on a national level.

This survey is similar to one issued to members in May, as continuing to monitor this rapidly changing situation is critical to our efforts.

Thank you for taking a few minutes of your time and completing the survey by **Monday, June 29**.
