| What We're Looking For: | <p>The Conference Programs Committee invites you to submit a proposal for a presentation for the 2022 MPACE Conference to be held at the El Conquistador Hilton Resort December 7th – December 9th. The theme of this year's conference is <i>“Reach for the Stars”</i> and we are seeking proposals that will speak to re-imagining the future of career services and employer/university relations.</p> <p>Using the conference theme as a foundation, proposals should provide fresh forward-thinking perspectives, successful collaboration initiatives, visionary promise, impactful best practices, pilot programs, relevant and timely subject matter, and innovative toolkits for career services and employers.</p> <p>We highly value proposals that not only address this year’s theme, but also address key sub-themes for the conference. This year the conference will continue to focus on efforts being made in diversity, equity and inclusion while also exploring change management (adaptability), health and wellness.</p> <p>The past two years have introduced unique and unprecedented challenges. Career practitioners and employers alike have been resilient through the COVID-19 pandemic, championed social justice inequity, and navigated economic and employment uncertainty. Innovation and adaptability have been cornerstones in maintaining and improving services. Many have found new and creative ways to improve outreach and services to students. At the forefront of our minds must be the wellness of students, ourselves, colleagues, our centers/companies. Let’s share, learn, and envision how we can reach for the stars together.</p> <p>Broad proposal tracks include: Career Readiness/Career Development, Big Data/Survey Collection, Recruitment Practices and Employer Engagement Strategies, Marketing & Branding, Professional Development, Student Engagement, Diversity, Equity, and Inclusion, and Technology Solutions.</p> <p>Some examples include proposals that will do the following:</p> <ul style="list-style-type: none">• Address ways to revolutionize the way we deliver our services and engage in connecting with students, campus recruitment and/or employer/university relations• Discuss examples or case studies of re-tooling existing practices and/or implementing new technology, approaches, programming, and/or operations• Highlight initiatives and practices that elevate services and support for BIPOC students/alumni/employees and underrepresented groups <p>Keep in mind these are only recommendations and you are welcome to propose an idea/topic outside of these recommendations. An anonymous review process is used during the selection process, so the identities of the potential presenters remain unknown.</p> <p>Please join us for the upcoming webinar “What Are They Looking For? How to Submit a Solid Conference Proposal” on Thursday, May 12 from 11:00am-12:00pm PST</p> |
