Planning to Visit the Theme Parks? A Valid Ticket and Reservation Are Required

Attendance is managed through a new theme park reservation system that requires all Guests to obtain a reservation for theme park entry in advance. To enter a park, both a theme park reservation and valid admission ticket, for the same theme park on the same date, are required for Guests ages 3 and up. If you have a multi-day ticket, you must make a theme park reservation for each date of your visit. Prior to purchasing tickets, be sure to view theme park reservation availability online as theme park reservations are limited in availability and not guaranteed.
