Integration of Public Health/Preventive Care and Primary Care in the Health Centers

August 3-5, 2014

Robert V Sigh MD, MPH
Senior Clinical Advisor, North Central Division
U.S. Department of Health and Human Services
Health Resources and Services Administration
Bureau of Primary Health Care

Overview of the Health Center Program

- Mission
- Who we Serve
- Why The Health Center Program lends itself to PM/PH integration
- Potential areas where integration are mutually beneficial to the communities we serve

Primary Health Care Mission

Improve the health of the Nation's underserved communities and vulnerable populations by assuring access to comprehensive, culturally competent, quality primary health care services

11

BPHC Quality Strategy

Better Care ∘ Healthy People & Communities ∘ Affordable Care

Strategy Implementation

1. Programs/Policies
2. Funding
3. Technical Assistance
4. Data/Information
5. Partnerships/Collaboration

Priorities & Goals

1. Implementation of QI/QA Systems
   Health Centers fully implement their QI/QA plans
2. Adoption and Meaningful Use of EHRs
   Health Centers implement EHRs across all sites & providers
3. Patient-Centered Medical Home Recognition
   Health Centers receive PCMH recognition
4. Improving Clinical Outcomes
   Health Centers meet/exceed HP2020 goals on at least one UDS clinical measure
5. Workforce/Team-Based Care
   Health Centers are employers/providers of choice and support team-based care

12

Current Program Impact: Key National Indicators

% of Health Centers with EHR Implementation (2013)

- 88% have EHRs at all sites used by all providers
- 8% have EHRs at some sites used by some providers

% of Health Centers Achieving Patient-Centered Medical Home Recognition (as of June 2014)

- 80% of all health centers are participating in Patient-Centered Medical Health Home Initiatives (PCMHHI) and 50% have achieved Patient-Centered Medical Home (PCMH) recognition

% of Health Center Meeting/Exceeding Healthy People 2020 Goals (2012):

- 59% Meet/Exceed Hypertension Control Goal of 61%
- 11% Meet/Exceed Diabetes Control (HbA1c ≤9) Goal of 84%
- 37% Meet/Exceed Early Entry into Prenatal Care Goal of 78%
- 61% Meet/Exceed Low Birthweight Goal of 7.8%

Individual and State health center profiles with performance and compliance data are now available to the public on the HRSA web site. See: http://bphc.hrsa.gov/uds/datacenter.aspx?q=d&year=2012

13

Potential Areas for PH/Preventive Medicine Integration

- Implementation of QI/QA plan
  - Assess quality improvement and impact of plan on health outcomes
- Population Health
- Team-based care from PCMH Model
- Lifestyle interventions for Lifestyle Responsive Conditions
