MEMORANDUM

DATE: January 8, 2019

TO: Federally Qualified Health Centers

FROM: Kristie Pastor, Manager *KP*
Hospital & Clinic Reimbursement Division

RE: Medicaid Health Plan Data - Updated Detail

As most of you are aware, Delta Dental encounter claims were submitted to CHAMPS with the incorrect Billing NPI. These claims have since been re-billed by Delta Dental and now contain the proper Billing NPI. Per each site, an updated detail of all Medicaid Health Plan encounter claims in CHAMPS for DOS 10/1/16 to present will be shared via File Transfer.

If you did not receive any MHP data for a site you are expecting to file, please also verify in CHAMPS that the Health Plan(s) are associated to billing NPIs, as any missing need to be added via modification request to Provider Enrollment for that NPI.

Delta Dental has requested that the clinics review the encounter claims and provide feedback. Please respond to Nancy Kuhlman KuhlmanN@michigan.gov on the encounter status review by Friday, February 8, 2019, whether or not you see discrepancies. If discrepancies are found from other MHPs, please list those as well.
