

Presenter Bio: Bruce Maki, MA

Today's presenter is Bruce Maki, M-CEITA Regulatory and Incentive Program Analyst. In his role, Bruce serves as a subject matter expert in all rules and regulations pertaining to Medicare and Medicaid incentive programs, including Meaningful Use and more recently, MACRA/MIPS. He is tasked with making sense of these programs and clearly communicating this knowledge to internal staff and external clients through written documentation, formal presentations, monthly webinars and one-on-one consulting.

Bruce has more than 10 years' experience in healthcare where he began as a multispecialty group Practice Manager. Prior to his work in healthcare, Bruce worked in the technology industry as an Operations Manager for a multi-million dollar reseller of computer and network services. Working for M-CEITA allows Bruce to combine his passion for healthcare with his penchant for technology, a great combination for driving the implementation and effective use of Health IT.

Bruce holds a Bachelor of Science degree in Psychology from Northern Michigan University and a Master's degree in Organizational/Industrial Psychology from Roosevelt University in Chicago, IL.
