## We Want You!

The Maryland Recreation and Parks Association is hosting the first-ever Summer Camp Resource Fair in Maryland! If you're interested in marketing directly to summer camps, then this is the event for you! Vendors will have the chance to market products and services to hundreds of representatives from counties throughout the state of Maryland.

MRPA's Summer Camp Resource Fair is a great way to get your products into the hands of decision-makers for Maryland recreation and parks departments and is a featured attraction at this popular event.
