

INCORPORATIONS ACTIVITY

How to play the game:

- 1) The leader will call out a question or a direction to the assembled group.
- 2) Each player will think of their individual response and immediately start looking for others in the assembled group who have the same response.
- 3) When you find someone with the same response as you, link arms with that person and continue to find others with the same response as your linked group. Continue to link arms and incorporate into a larger group as you find more people with the same response as your group members.
- 4) Create a “Shout Back” with the group. When I shout out “X”, everyone stops where they are and shouts out “Y” while staying linked.
- 5) I will count to 3 and then your whole group with arms linked together should jump up and down and shout out your response 3 times.

Directions/Questions To Call Out To Assembled Group:

Incorporate into groups by . . .

- Favorite Color
- Favorite Ice Cream Flavor
- Color Shoes You’re Wearing
- Color Shirt You’re Wearing
- Month You Were Born
