Highland, MD 20777

Cost

Before February 27: \$55
February 27-March 6: \$65

**Continuing Education
Credits (CEU's)**
.4 credits (pending)

Sustainability and increased patronage are two “hot-button” topics in our industry today, and their importance to our trail systems is paramount. Understanding what makes a trail system sustainable and knowing how to develop a plan-of-attack will provide agencies with the necessary tools to reduce user conflicts, ecological impacts, and maintenance requirements. Attendees will participate in informative lectures as well as hands-on activities to widen their perspective on the importance of sustainable trails.

Presenters

Larry Knutson, Founder & President, Penn Trails, LLC

Brenda Belensky, Natural Resource Conservation Manager,
Howard County Recreation & Parks

Shawn Beaumont, M.S., Park Maintenance Specialist,
Howard County Recreation & Parks
