“WATER QUALITY PROTECTION AND JOB CREATION ACT OF 2019” INTRODUCED

On March 6th, Chair of the House Committee on Transportation and Infrastructure Peter DeFazio (D-OR), Chair of the Subcommittee on Water Resources and Environment Grace Napolitano (D-CA), Representative Don Young (R-AK), and Representative John Katko (R-NY) introduced the bipartisan Water Quality Protection and Job Creation Act of 2019 to address America’s crumbling wastewater infrastructure and local water quality challenges. This bipartisan bill, if signed into law, would meet a long-standing Coalition priority, more than doubling the Clean Water SRF (CWSRF). Primarily, the bill would authorize **\$20 billion in Federal grants over five years (\$4 B / year would be more than double the current FY appropriation of \$1.6 B)** to capitalize State CWSRFs. These funds provide low-interest loans and additional loan subsidizations (e.g., principal forgiveness and negative interest loans) to communities for wastewater infrastructure.

In addition to the CWSRF funding, the bill:

- Authorizes an additional **\$900 million for grants to municipalities** to capture, treat, or reuse combined and sanitary sewer overflows or stormwater.
- Authorizes **\$1.5 billion over five years** for grants for State water pollution control agencies to implement State water pollution control programs.
- Provides **\$600 million over five years** for Clean Water pilot programs (including Federal technical assistance and/or grants) for watershed-based or system-wide efforts to address wet weather discharges, to promote stormwater best management practices, to undertake integrated water resource management, and to increase the resiliency of treatment works to natural or man-made disasters.
- Authorizes **\$375 million in grants over five years** for alternative water source projects under section 220 of the Clean Water Act, including projects that reuse wastewater or stormwater to augment the existing sources of water.

Key Advocates worked with the sponsors and was asked to sign on as an early supporter.
