V. BRIEF SUMMARY OF ACTIVITIES

Resource Sharing and Collection Development met during the MLA Annual meeting. We discussed putting together a conference proposal around collecting for diversity and inclusion / social justice. The committee is interested in curating a website of resources for other librarians who want to increase the diversity of composers and performers in their collections. Additionally, we are looking for ways to connect with composers directly to encourage selling digital scores to libraries.

VI. Implicit Bias Testing Reporting

Stephanie, Scott, Mike, Kirstin, Katherine, and Veronica all reported that they have completed some implicit bias training.
