# IDAHO is our Classroom

The University of Idaho College of Agricultural and Life Sciences offers **41 undergraduate and graduate degree options** on a broad range of topics, from animal science to apparel, textiles and design. With eight academic departments and faculty and staff located at 42 UI Extension offices and nine research and extension centers, ***all of Idaho is our classroom.***

## Scholarships

- Nearly **\$1 million in scholarships** is awarded to CALS students each year.
- Combined with external scholarships and waivers, CALS students receive more than **\$3.5 million in support** each year.
- CALS students receive an average of **\$532,000 more in scholarships** than students at other colleges of agriculture in the northwest.

## Careers

- **94%** of CALS students **have a job or are pursuing advanced degrees** within three months of graduation.
- Our graduates are **highly sought after by employers** like Simplot, Northwest Farm Credit Services, Glanbia and AgriBeef. With an average of 22,500 agricultural related jobs going unfilled each year, there are plenty of opportunities to get the career you want.

## Student Life

The University of Idaho is a residential university. When you live on campus you are at the center of student life. You'll meet new friends and grow as an individual. U of I offers multiple residence halls, 33 Greek chapters and the Steel House women's cooperative. The **CALS Hall on the 4th floor of the Ballard Wing in the Wallace Residence Center** gives students the opportunity to live and learn with like-minded students who share similar interests and classes.

We also offer several student organizations for students to make the most of their Vandal experience. There are more than 150 student organizations on campus, 24 of which are in the College of Agricultural and Life Sciences. Learn more at [www.uidaho.edu/cals/student-life](http://www.uidaho.edu/cals/student-life).
