

Essential Liability Insurance to Protect Certified Development Companies

The NADCO Professional Management Liability Insurance Program, administered by Alliant, offers industry-tailored coverage to meet the specific liability needs of CDCs. The program offers a unique combination of Directors' and Officers' Liability, Employment Practices Liability, Professional Liability, and Cyber Liability insurance all for one affordable premium.

Perhaps you have a D&O policy or an E&O policy. That's good. However, one or the other is not enough to sufficiently protect all aspects of your business. Get the exclusively endorsed Professional Management Liability Program that includes both, and more.

The NADCO liability policy includes a blended coverage that delivers:

- **Directors' & Officers' Liability Insurance (D&O)** – Protects the CDC as an organization, its present and future Directors, Officers, employees, volunteers, and Trustees.
- **Employment Practices Liability Insurance (EPLI)** – Protects against claims such as wrongful termination, discrimination or harassment from employees and volunteers.
- **Errors and Omissions Liability Insurance (E&O)** – Protects against claims alleging errors and/or omissions

resulting from the packaging and servicing of SBA 504 loans, and other similar loans.

- **Cyber Liability Insurance** – Protects against losses from a variety of cyber incidents.

Other coverage now available through the NADCO Insurance Plan: Crime, Fiduciary Liability.

Backed by a Financially Strong Insurer

A financially strong, well-respected Insurer underwrites the NADCO Professional Management Liability Insurance Program. Nationally recognized as a premiere niche underwriter, the Insurer has a consistent history of providing financially-stable insurance products.

Expertise in Claims Handling

Both the insurance carrier and claims counsel have been working with NADCO for several years and are well versed in the needs of your industry.
